

# CIRCUS TEXTS SACRED ARTS

Interested in studying  
Torah through circus  
arts?

Join us on-site at AJR for  
a four day course.

- How does walking on a tightwire impact on your reading of Genesis?
- How does embodying the text through partner acrobatics and human pyramids lead to new readings that come from thinking through your body and your mind?

Open yourself up to a new way of study for yourself and for those you lead and teach.

- accredited class - credit or audit
- learn & have fun - open to everyone
- no previous experience needed
- open to all physical abilities & fitness levels—we mean it!
